

Prayer to St. Francis di Paola

O glorious Saint Francisco di Paola who has demonstrated to us from the beginning, a particular predilection, we again invoke the benefit of your charity. You have made a sign for us of particular favors and have made way for us, instantly, the care of your protection. We give (back) thanks to you for so much benevolence and for the Patron (Lord) who himself deemed worth of giving you to us. Help us always in our necessities, even in the least degree, as we acknowledge with you the reign of God. (In this particular way... we pray to you for the troubles that everyone has in the secrecy of the heart.) We want to be your devoted ones, we want to live in your teachings, and to be together with you as the loved ones of "Jesus and Mary". You, thus, are the most acclaimed, the most loved, the most blessed, to whom we give our hearts. Together pray for us and obtain for us the thanks of which we feel the urgency, the full communion with God and with the disciples. Living in charity, we will truly be Christians and rein within your love. Amen.
